

## BUILDING **EFFICIENT AND EFFECTIVE** PACKAGING SOLUTIONS TAILORED FOR YOUR BUSINESS.

Our range of services and key partnerships with top equipment providers and suppliers ensure productivity, safety, sustainability, and uptime. We deliver consistent quality, ensure product availability, and add value, even as markets shift. And when there's opportunity for improvement, North American offers the materials and machinery to fully optimize your packaging processes.

**Productivity.** We help to ensure the right product matches your unique application.

**Profitability.** Targeted maintenance plans keep your equipment up and running to protect your bottom line.

**Efficiency.** We pinpoint inefficiencies in consumables and at front, middle and end of line, adding productivity and packaging consistency.

**Comprehensive Services.** We manage everything from initial assessment of your operations to implementation of new equipment solutions.

**Improved Outcomes.** Our process is designed for a seamless transition to increase productivity across all areas.

EQUIPMENT +  
SERVICES

CONSUMABLES

AUTOMATION

# STEPPING OUTSIDE THE BOX TO BRING YOU TO THE NEXT LEVEL.

Whatever it takes to streamline and empower your packaging line, North American offers the experience and capabilities your unique application demands.

## Consumables

We are your single-source partner for supplies that simplify production, reduce total costs and keep your people safe.

## Technology + Innovation

We apply technology and best practices to helping you choose, evaluate and manage the products or services that fit your needs.

## Packaging Equipment + Services

We deliver the top brands across your packaging line—helping you install, optimize, retrofit and maintain for productivity.

## Automation

From assessment to implementation, we provide automated systems for consistency, reliability and lower labor costs.

## Sustainability

We reduce waste and drive savings—helping one customer cut film usage by 39% via a more effective film stretching solution.

It was exciting to find a company willing to step out of the box. North American is unique. They invested in technologies and developed systems other national distributors were unable to provide.

Plant Director of Operations, National Retail Chain

## PARTNERING WITH THE BEST.

We partner with the industry's most innovative and respected providers of both supplies and equipment.
